Phone : +94 716 995 085

LinkedIn : <https://www.linkedin.com/in/mithila-kuruppumudali/>

Age : 22 Years

I'm Undergraduate IT student at SLIIT, passionate about full-stack development and software engineering. Seeking opportunities to apply technical expertise, creativity, and problem-solving skills to build innovative web and application solutions in a dynamic IT environment.

---

## Education

- **BSc (Hons) in Information Technology Specializing in Information Technology**  
Sri Lanka Institute of Information Technology - Malabe, Sri Lanka  
2023 - 2027
  - **G.C.E Advanced Level Examination - Mahanama College Colombo**  
Commerce Stream 2022 A/L
    - ❖ Accounting - A
    - ❖ Economics - A
    - ❖ Business Studies – C
- 

## Professional Qualifications

- AI/ML Engineer - Stage 1 and 2 certificate from SLIIT
  - Programming in Python certificate from University of Moratuwa
  - Web design for beginners' certificate from University of Moratuwa
  - Machine Learning Using Python certificate from Simplilearn
  - Getting Started with Full Stack Java Development certificate from Simplilearn
  - Mobile App Development With Flutter certificate from Alison
- 

## Projects

- **Online App Store** - Technologies Used: HTML, CSS, JavaScript, and PHP, with database management handled through PHPMyAdmin.
  - **Online Banking System** - Developed using Java with Eclipse IDE and Apache Tomcat, incorporating HTML and CSS for the frontend, and MySQL Workbench for database management.
  - **Smart Waste Management System** - Developed using the MERN stack, with MongoDB for database management, Express and Node.js for backend services, and React for the frontend interface.
  - **Fitness Mobile App** - Developed using Java and Kotlin in Android Studio with an interactive UI and SQLite/local storage, following secure system design principles.
  - **Daily Expense Tracker App** - Built using Java and Kotlin in Android Studio, featuring an intuitive interface and SQLite/local storage for efficient and secure expense management
- 

## Technical Skills

- **Full Stack Development:** Proficient in the MERN stack (Node.js, Express.js, React.js), PHP, Java web development (Servlets, JSP), and core web technologies (HTML, CSS, JavaScript).
  - **Programming & Scripting:** Strong foundation in object-oriented programming with Java, C++, Python, R, Shell Scripting, and Dart.
  - **Mobile Application Development:** Experienced in building Android applications using Java and Kotlin, as well as cross-platform apps using Flutter and Dart.
  - **Database Management:** Skilled in designing and querying relational and non-relational databases, including MS SQL, MySQL, SQLite, and MongoDB.
  - **Tools & Agile Process:** Experienced with CI/CD pipelines, API testing via Postman, version control with GitHub, and Agile project management using Jira and Trello.
- 

## Soft skills

- Project management
- Creative Thinking
- Teamwork and leadership
- Responsible and Honest
- Self Management
- Adaptability

## Languages

- English – Working Proficiency
- Sinhala – Native Language
